## Dairy, Livestock & Poultry Expo Africa Conference 2019

Conference of Dairy, Livestock & Poultry Expo 2019, based on the theme of "The role of Agricultural technology to achieve the Big 4 Agendas target of 100% Food and Nutrition Security" was organized by Food and Agriculture Organization of the United Nations along with the three days of the exhibition i.e. June 19<sup>th</sup> to 21<sup>st</sup> 2019. The conference had invited 200+ high profile professionals based on academic, youth organization, government associations, and development practitioners.

The theme is aligned to the Government's Big 4 Agenda Initiative with specific focus on two of the four pillars i.e. Food & Nutrition Security; to drive smallholder productivity, reduce the cost of food and enhance large scale farming and Manufacturing; specifically, the Agro-Processing where the government intends to generate over \$200 Million annually in value additions. The theme also focuses on the 2030 Agenda for Sustainable Development and its 17 Sustainable Development Goals (SDGs) adopted by world leaders in 2015, to embody a roadmap for progress that is sustainable and leaves no one behind.

Several international speakers then took up the platform to share their experiences and bring the most innovative and pertinent technologies on the table to empower hundreds of local farmers, business associates, academic researchers and all those who had gathered at the venue. Let us throw a glimpse on the varied agricultural issues and topics covered by the technology.

**The 6th Agritec Africa exhibition to be held in Nairobi in June**

With the sixth Agritec Africa exhibition to be held in Nairobi in June, the event is expected to attract a large number of exhibitors and visitors from across the continent.

The exhibition will feature a wide range of products and services, including machinery, equipment, and technology, all aimed at improving the productivity and efficiency of the agricultural sector.

The event is expected to be a major success, providing a valuable platform for the agricultural industry to showcase its latest innovations and to connect with potential buyers and investors.

**Agri-wallet solution to farmers' cash needs**

A new digital solution, the Agri-wallet, is being developed to help farmers manage their cash needs and improve their financial stability.

The Agri-wallet is a mobile-based platform that allows farmers to store their money, make payments, and access financial services, all through their smartphones.

The solution is designed to be user-friendly and accessible, even for farmers with limited digital literacy skills. It is expected to revolutionize the way farmers manage their finances and to provide them with a secure and convenient way to access their money.

## International Exhibition on Latest Technology of Dairy, Livestock and Poultry Farming.

# PRINT MEDIA PROMOTION

**EVENTS**

Agritec Africa set to take place from 19-21 June 2019 at Nairobi, Kenya provides a launch pad for new ideas, products and services.

### Powering agricultural growth

SEVERAL COMMITMENTS ARE taking place to secure investments across the African agricultural industry driving demand in sectors including agricultural equipment, seeds and bio-technology and irrigation, among others.

The 6<sup>th</sup> Agritec Africa, jointly organised with the Ministry of Agriculture, Livestock, Fisheries and Irrigation, Kenya will have the participation of nearly 150 companies from Kenya and abroad and help exchange information and ideas about different segments of the industry while bringing together the farming community, government officials, distributors and all important stakeholders.

Sonyal Desai, CEO, Radeecal Communications, the organisers of the show says, 'This year companies from all sectors including irrigation, plasticulture, seeds, government bodies, banks, agricultural machinery, dairy technologies, poultry, grain and allied technology will be present at the exhibition. Such global exhibitions are very important for overall growth in the agricultural sector.

For entrepreneurs with vision and seamless ambitions, Agritec Africa provides a unique opportunity to see, learn, sell, buy and tie up, says Neelesh Shah, CFO, Radeecal Communications.

The show has also planned to organise concurrent events

The theme of the exhibition is 'Improving farmer's income through innovation and technology' such as the Dairy Livestock and Poultry Expo Africa and GrainTech Africa, where many international companies are showcasing their technical products to the industry through their participation in this fair.
