➔ Why Africa?

- Africa has huge potential for Animal Husbandry, Livestock, Poultry and Dairy Farming, thanks to ample amount of Land and Water Resources.
- Yet, productivity is found to be one of the Lowest in the World.
- Agriculture employs 65 percent of Africa's labor force directly or indirectly
- Agriculture Sector accounts for 32 percent of GDP of Africa.

➔ Why Kenya?

- Kenya is one of the most meat consuming country in Africa by 5,88,984MT in 2011.
- There are 5.4 million beef cattle in Kenya according to the last livestock census done in 2007.
- There is growing interest in this sector by investors who wish to carry out meat processing with the aim of exporting the products to Mauritius, the Middle East and elsewhere. More than 10,000 livestock worth several tens of millions of shillings have been exported to Mauritius since the resumption of livestock exports in 2003.
- Kenya has 3.7 million dairy cattle according to the livestock census done in 2007.
- In 2005, dairy exports stood at 10 million tones, while milk processors handled 308 million liters of milk.
- Kenya has started accepting technological & methodical innovations in Dairy Farming & Livestock Farming.
- Recently various Financial Institutions like Kenya Livestock Farming Trust has come ahead to give credit facility to Live Stock and Dairy Farmers for the growth of the Industry.
- International Exhibition Center in Kenya.
